

# February Newsletter

## Honoré Mercier School

Dear Parents and Guardians,

January has passed quickly since our return from the holiday break, and it has been a pleasure to see our school community re-establish routines and engage so thoughtfully in learning.

Classrooms are active and purposeful, with students and staff fully immersed in academic pursuits as we near the end of the second term in February. This time of year provides an important opportunity to reflect on progress, set goals, and continue building strong foundations for student success.

Ongoing communication and partnership between home and school remain a key priority. In support of this, our second round of parent-teacher interviews will take place on Thursday, February 26.

These meetings offer a valuable opportunity to discuss student growth, celebrate achievements, and identify next steps.

Additional information, including scheduling details, will be shared with families in the coming days.

## CAMP REP 2026

We are pleased to share highlights from this year's Grade 6 Winter Camp experience at Camp REP. The camp provided students with a well-balanced program that combined engaging outdoor activities with comfortable indoor experiences, allowing them to participate fully regardless of weather conditions.

Throughout the day, students demonstrated enthusiasm, cooperation, and resilience as they took part in a variety of planned activities designed to promote teamwork, independence, and personal growth.

In addition to building new skills, the camp offered valuable opportunities for students to strengthen friendships and develop confidence in a supportive and encouraging environment. Experiences such as these play an important role in fostering social development and creating meaningful memories that extend beyond the classroom.

We are grateful to the teachers who helped make this enriching experience possible for our students.

# WINTER REMINDERS

As winter weather continues, we kindly ask for your support in ensuring that your child arrives at school wearing full winter clothing each day, including a warm coat, hat, gloves or mittens, boots, and snow pants.

While we closely follow all weather and safety protocols, students must be fully dressed for winter conditions so they can remain safe, warm, and comfortable throughout the day, particularly during arrival, recess, and dismissal.

Snow pants are especially important to help children stay dry and participate comfortably in outdoor play.

Your partnership helps us ensure that all students can take part in daily activities while staying protected from the winter elements.

We truly appreciate your attention to this important matter and your continued support.

Thank you for helping us keep our students safe and warm this winter.

Respectfully,  
Mrs. Canale
